Adding/Removing Mp3 files/folders

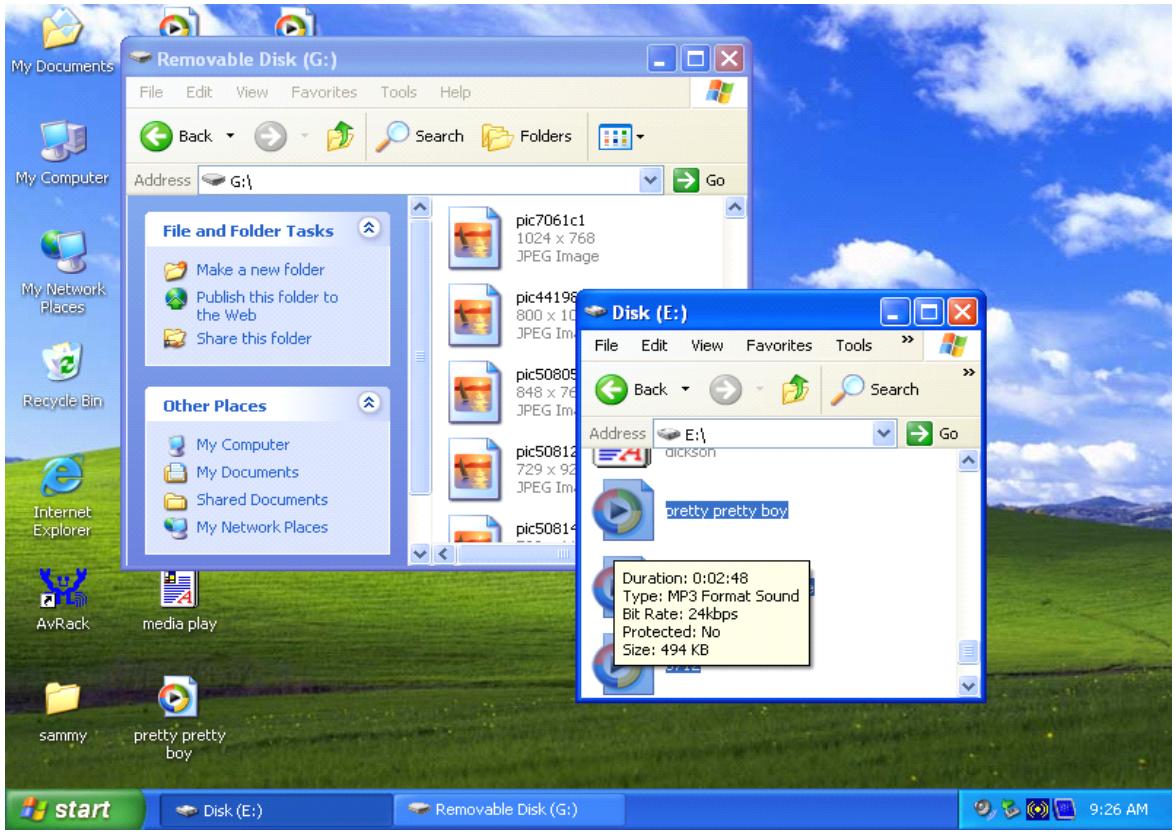
You can use the player as a removable USB storage.

1. Connect the PC USB port and the MP3 USB port with the provided USB cable.
2. Add MP3 files/folders to the USB storage‘s folder.

Ⅰ. Open files/folders to transfer from your computer.

Ⅱ. Open My Computer → Removable Disk from the desktop.

Ⅲ. Select the files/folders to transfer from your computer and draw and put them to a folder of your choice in the Removable Disk (you also can transfer files on your PC to the player using the "Copy" and "Paste" functions).



3. Delete MP3 files from the removable USB storage (use the "Delete" command).

Remove the player from PC

Please follow the steps in case of damaging the player or data loss

1. Click the left mouse button on the icon that is on the taskbar at the bottom right corner of the desktop.
2. Click the "Safely remove USB Mass Storage Device – Drive (X:)" column.
3. Disconnect the player from your computer.

CAUTION:

- ❖ Do not remove the player while files within the USB Mass Storage are being played on your computer.
- ❖ Do not disconnect the player from your computer while transferring file, or it will cause damage to the player or data loss.

Menu Navigation

- ➢ 【**M**】button: Enter function, enter main menu or submenu.
- ➢ Skip button (【⏭】/【⏮】): Shift menus.
- ➢ Play/Pause button (【⏯】): Play, Pause, or confirm.

Format MP3 player

The MP3 player format is “FAT” format. To format the MP3 player, you need to right click the "Removable Disk" and choose "Format" mode, then click "Start" to format in operating system. As following pictures show:
