## Före användning

- Du måste installera den senaste versionen av Windows Media Player innan du kan använda MTP-läget.
- Du kan ladda ner den senaste versionen av windows media player från Microsoft hemsida. (http://www.microsoft.com/windows/windows-media/download)
- Du måste uppgradera enhetens firmware med senaste versionen innan du kan använda MTP-läget. På vår hemsida (www.iAUDIO.com / www.cowonamerica.com) kan du ladda ner senaste versionen av firmware.

## Kopiera filer/spellistor via MTP-läge

- 1. Installera senaste versionen av Windows Media player (WMP).
- Aktivera MTP-läget genom att ändra alternativet för ÚSB-anslutningen till [MTP]. [Settings] -> [General] -> [USB Connection] (Inställningar Allmänt USB-anslutning)
- 3. Öppna Windows Media Player.

 Välj filken [Bibliotek] från menyn. Välj (markera) de filer som ska kopieras och flytta dem till [Synkroniseringslista] genom att dra filerna till synkroniseringslistans fönster.

 Klicka på [Starta synk] längst ner i synkroniseringslistans fönster för att starta. Då kopieras filer [Synkroniseringslista] till iAUDIO.
